

Guidelines „Timestop“

BodyWorx Fitness Company AG grants, under certain circumstances, the possibility of a “Timestop”. A “Timestop” means the interruption of a (valid) membership for a certain period of time. In case of an interruption of the membership, the membership will be extended by the period of time which has been approved by BodyWorx. A “Timestop” is only possible for a valid membership of at least 6 months (possible for Gold, Platin and Black Membership). Student-, apprentice- and weekend-subscriptions do not qualify for a “Timestop”.

A “Timestop” (interruption of the membership) will be granted:

- In case of a medically certified inability to train as a result of illness or accident (whereas the inability to train must be 14 days without interruption)
 - *Please complete the application form and enclose the medical certificate (original document)*
- In case of a holiday abroad or in case of a certified training period abroad or in case of a professional stay abroad.
 - *Before leaving abroad, please complete the application form and enclose corresponding documents (**in case of a holiday:** flight tickets, copy of the passport with stamp of entry and exit of the country, travel program, etc., **in case of a training period away:** confirmation of the school, class or course, etc., **in case of a professional stay away:** Confirmation of the employer, etc.).*
 - *Rules for a valid 6 months membership:*
 - *Stay abroad (without interruption) of **at least 14 days***
 - *Rules for a valid 12 months membership:*
 - *Stay abroad (without interruption) of **at least 28 days***

All other circumstances do not give the entitlement for a “Timestop”. The “Timestop” has to be requested at the reception before being away or absent by enclosing the corresponding confirmation and documents. A time credit will be applied in order to extend the membership without interruption. A financial reimbursement is not possible. In case of abuse, BodyWorx reserves the right to immediately withdraw from the contract and to terminate the membership without notice or refund.
